Naval Reservists

NAVAL RESERVE STAY STRONG

The Naval Reserve represents 20% of the Navy's total assets and is a significant force multiplier that the Fleet must have to meet its growing global commitments.

- U.S. Naval Reserve Force

This is a central gateway for Naval Reserve Force internet resources with links to Naval Reserve Activity (NRA) homepages and other useful sites.

- Naval Reserve Forces Command

The Naval Reserve Forces Command maintains assigned personnel and equipment in a state of readiness and availability, which permits rapid augmentation into the Fleet upon partial or full mobilization.

- Naval Reserve Personnel Center

NAVRESPERSCEN provides Pretrained Individual Manpower in support of the mobilization requirements of the Navy: manages the distribution of enlisted personnel on active duty in the Training and Administration of the Naval Reserve (TAR) program; and maintains personnel information on all Inactive Reserve and retired personnel.
